

MB-210T01: Microsoft Dynamics 365 Sales

Course Description

Microsoft Dynamics 365 Sales is an end-to-end application to manage the handling of customers and potential customers. Using Dynamics 365 Sales, organizations can track data against sales goals, automate best practices, learn from data, and more. Join our team of globally recognized experts as they take you step by step from lead to opportunity to closed deal. Using the application's available automation and customization options you will learn how to enable sales staff to be their most productive selves.

Course Duration

2 days

Prerequisites

Familiarity of business applications and the desire to customize and implement them for your business.

Course Outline

- Set up and configure Dynamics 365 Sales
- Manage leads with Dynamics 365 Sales
- Manage opportunities with Dynamics 365 Sales
- Leverage Embedded Intelligence in Dynamics 365 Sales
- Manage and organize your product catalog with Dynamics 365 Sales
